

## ESMIT Online Course Gynaecological Malignancies

Facilitators

- Ora Israel (Nuclear Medicine)
- Ozgul Eckmekcioglu (Nuclear Medicine)
- Cristina Ferrari (Nuclear Medicine – Italy)
- Giulia Tasca (Oncologist – Italy)
- Teresa Margarida Cunha (Radiologist – Portugal)
- Helen Clare Addley (Radiologist – UK)
- Desiree Deandreis (Nuclear Medicine – France)
- Henrique Nabais (Gynaecologist – Portugal)
- Monica Pires (Gynaecologist – Portugal)

<b>Part 1</b>			
00:00 - 00:05	Introduction to the course	5	Ora Israel
00:05 - 00:25	Ovary cancer: the gynecology point of view	20	Giulia Tasca
00:25 - 00:50	Ovary cancer: the radiology point of view	25	Helen Clare Addley
00:50 - 01:10	Staging of ovary cancer: the nuclear medicine approaches	20	Cristina Ferrari
01:10 - 01:30	Restaging and evaluation of response to therapy in ovary cancer: the nuclear medicine approaches	20	Cristina Ferrari
01:30 - 01:35	Summary	5	Ora Israel
01:35	End of Part 1		
<b>Part 2</b>			
00:00 - 00:05	Introduction to the course	5	Ozgul Eckmekcioglu
00:05 - 00:30	Endometrial cancer: the gynecology point of view	25	Henrique Nabais
00:30 - 00:45	Radiological tools in endometrial cancer	15	Teresa Margarida Cunha
00:45 - 01:00	Nuclear Medicine in endometrial cancer: special focus on staging, restaging and evaluation of response to therapy	15	Cristina Ferrari
01:00 - 01:15	Cervical cancer and vulvar cancer: the gynecology point of view	15	Monica Pires
01:15 - 01:30	Radiological tools in cervical cancer	15	Teresa Margarida Cunha
01:30 - 01:50	Nuclear medicine in cervical and vulvar cancer: special focus on staging, restaging and the evaluation of response to therapy	20	Desiree Deandreis
01:50 - 01:55	Summary	5	Ozgul Eckmekcioglu
01:55	End of Part 2
