

Online course on Pretargeting Approaches and Radiobiology

	Speaker	min
Session I - Scientific background on pretargeting strategy		
The basics of pretargeting	Johanna Steen	30
Session II - Pretargeting methods		
Pretargeting with Tz-TCO system	Dennis Svatunek	30
Pretargeting with other systems	Sara Cheal	30
Coffee Break		15
Session III - Preclinical applications on pretargeting		
Pretargeted PET/SPECT imaging - Oncology applications	Filipe Elvas	30
Pretargeted PET/SPECT imaging - Neuroscience applications	Matthias Herth	30
Pretargeted therapy	Brian Zeglis	30
Total		3,2 hours
